

u64_stats_sync

```
graph BT; A[dp_stats_percpu] -.->|syncp| B[u64_stats_sync]
```

The diagram illustrates a synchronization process. At the bottom, a gray rectangular box contains the text 'dp_stats_percpu'. A dashed purple arrow points upwards from this box to a white rectangular box at the top containing the text 'u64_stats_sync'. The arrow is labeled 'syncp' in the middle.
