

/home/vladn/git/ovs
/datapath/linux/compat
/include/net/stt.h

```
graph TD; A["/home/vladn/git/ovs  
/datapath/linux/compat  
/include/net/stt.h"] --> B["linux/kconfig.h"]; B --> C["linux/version.h"];
```

A vertical flowchart with three rectangular boxes. The top box is shaded gray and contains three lines of text representing file paths. A blue arrow points from the bottom of the top box to the top of the middle box. The middle box is white with a black border and contains the text 'linux/kconfig.h'. Another blue arrow points from the bottom of the middle box to the top of the bottom box. The bottom box is white with a light gray border and contains the text 'linux/version.h'.

linux/kconfig.h

linux/version.h
